

RISK TIDE SOLUTIONS

RISK MANAGEMENT INNOVATION

Training for every level of the third party risk ecosystem

● PRACTITIONER-BUILT, NOT THEORY

● TAILORED TO YOUR PROGRAM

● EVERY COURSE EARNS CPE CREDIT

OVERVIEW

Third party risk doesn't live with the risk team alone. The business lines bringing vendors in, the program owners running assessments and governance, and the executives answering for the results all own a piece of it. Risk Tide Solutions is a training company focused primarily on TPRM, built to make every one of those groups effective in their part.

That conviction comes from experience: our founder has spent the better part of two decades inside this industry and has lived what happens when stakeholders are lost. Every course we deliver is designed to end that confusion.

WHEN ORGANIZATIONS BRING US IN

A new TPRM platform just went live

Tailored post-implementation training built on your actual workflows, not generic screenshots, so business users, risk staff, and executives can operate it from day one.

Recurring training obligations

Annual TPRM training, new-hire onboarding, and vendor risk awareness, delivered in your LMS or ours, so the requirement stops living on the program team's calendar.

The risk team wants real depth

Our course path runs from Risk Tide Core fundamentals through Risk Tide Deep Dive's advanced assessment and governance work to Risk Tide Labs' live scenario sessions.

A fast-moving topic needs answers

Focused courses on the subjects teams are wrestling with right now, including Managing AI Risk in Third-Party Relationships and Special Categories in TPRM.

WHY RISK TIDE

- Built from two decades of practitioner experience, not theory
- Accredited and credit-bearing, not generic online coursework
- NASBA-compliant CPE tracking and certificate issuance
- Flexible delivery: self-paced, live virtual, and blended cohorts

12

COURSES IN CATALOG

Seven TPRM courses and ISACA exam prep: CISM, CISA, CRISC, CGEIT, AAISM

POPULAR COURSES

Risk Tide Core · Fundamentals plus focused training on specific TPRM areas.

Risk Tide Deep Dive · How TPRM really works: the judgment calls behind assessment and governance.

Risk Tide Labs · Live, hands-on sessions built around real scenarios.

WHO WE SERVE

- Third party risk and vendor management teams
- Business lines that engage and own vendor relationships
- Internal audit, compliance, and GRC practitioners
- Executives accountable for third party risk
- Organizations implementing or scaling a TPRM platform

LEADERSHIP

Garit Gemeinhardt

HEAD OF LEARNING EXPERIENCES

A practitioner turned instructor, two decades building third party risk programs in regulated environments.

Dr. Don Gemeinhardt

DIRECTOR OF OPERATIONS

Runs accreditation, CPE reporting, and cohort delivery so every course stays audit-ready.

Ella Cerny

OPERATIONS COORDINATOR

Builds course content, manages accreditation compliance, and runs the delivery platforms.

Henry Myllymaa

CLIENT SOLUTIONS DIRECTOR

Nearly 15 years in TPRM, focused on training that is fun, fast moving, and builds real momentum.
